DETAILED ACTION

Claim Objections

1. Claims 1-13 are objected to because of the following informalities:

In claim 1, line 9, the phrase "said bottom side" should be changed to --a bottom side-- to improve the clarity of the claim language.

Claims 2-23 are objected as being dependent upon objected base claim .

Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 13 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 13, lines 1-2, the phrase "a toy vehicle" is confusing as it is unclear how it relates to previously recited a toy vehicle in claim 1.

Allowable Subject Matter

4. Claims 1-12 are objected for the informalities as listed above, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. Claim 13 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 3617

6. Claims 14-17 stand allowable. None of the references of record suggests a rearwardly disposed crossbar adapted to receive the pivot pin of a separate yet immediate rearwardly adjacent segment in the manner defined in the instant claim 14 and in combination with other limitations of the claim.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:

Wa is cited to show a related flexible track comprising a cross bar with tongue projecting upward thereof.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
